SCULPTOR JACK HILL OF Amarillo fashioned this statue of an albino buffalo which may soon be standing guard at Buffalo Bowl. Hill said it took him four months to model this statue with plaster. The finished product will be covered with fiber-glass to withstand the elements.

### Fifteen Cars Smashed

# Chain Reaction

## Crashes Occur As Driver Tries Turn

A California Freeway-styled 15-car accident on the Canyon Expressway early Wednesday resulted in about $3,500 in damages but there were no injuries.

The gigantic chain-reaction collisions, which occurred just north of Spur 48 on the E-way at about 7:50 a.m., began when one automobile was attempting to turn east onto the West Texas State University campus.

Three Canyon Police officers, two Randall County deputies and Sheriff L. S. (Slim) Johnston investigated the accident and helped control traffic at the site, while Police Chief L. D. Caldwell and another deputy were investigating a minor two-car wreck at 4th Avenue and 23rd St.

Officers said other cars following the vehicle turning onto the campus failed to allow sufficient time to stop before the rear-end pileups began.

All those involved were WTSU students enroute to their first period classes and 13 of the 15 were commuters from Amarillo.

Although there were actually three separate accidents on the expressway, officers said, all were directly related to the first in the series of collisions.

One witness at the scene said he saw a small foreign sports car leave the site immediately after the first collision occurred.

While maintenance crews from WTSU and the Texas

CAR AFTER CAR--15 in all--was involved in a mass rear-end collision on the Canyon Expressway early Wednesday morning. Although no one was injured in the wreck just north of Spur 48 on the E-way, property damage was estimated at more than $3,000. All the drivers were West Texas State University students.

## City Dads Grant Gas Rate Hike

An 11.5 per cent gas rate increase for Canyon residents was approved by city commissioners at a meeting Monday.

The action, requested earlier this year by Pioneer Natural Gas President C. I. (Stony) Wall, will become effective when all the 55 cities in the firm's West Texas Distribution System approve the rate hike.

K. Bert Watson, Pioneer vice president, told city dads Monday 43 towns in the WT System had approved the increase and other commissions

# Great Albino Buffalo Sculptored For Bowl

BY TROY MARTIN

A great white buffalo---symbol of good luck to Plains Indians---may soon be standing sentry at Buffalo Bowl.

Sculptor Jack K. Hill of Amarillo has finished sculpturing an albino buffalo which he said was specifically shaped to go with the WT lettering just west of the press box at Buffalo Bowl.

"I didn't just decide to do a buffalo," said Hill. "I saw a need for something and I did it. I've always worked on an idea if I saw a need for it."

Hill has worked in the basement at Canyon Plastics and has completed a model nine feet high and twelve feet in length.

The buffalo stands with head lowered and right forefoot pawing the ground, the fighting stance of the buffalo bull.

Jesse Jones, owner of Canyon Plastics, said fiber-glass will be applied to the statue by means of spray guns with 3,000 pounds of pressure. Jones said the fiber-glass model will withstand weather without damage. It was modeled with plaster.

Hill said the buffalo bull will face south with a side view visible from the Expressway. "It will look over the valley with the pawing foot toward the E-way," Hill declared.

University officials have not been approached as yet but as soon as the model is ready efforts will be made to place it at Buffalo Bowl, Hill said.

Hill put in about four months work on the buffalo bull. "I had in mind that someone would buy it and give it to the uni-

## Bank Bilked By Changer

A West Texas State Bank teller was bilked of $100 by a quick change artist here Friday.

David Levens, bank president, said the man, described as about 35 years old with a light complexion, first asked for change and then for currency.

"I don't even think the teller knows exactly what happened," Levens said.

Ususal method of quick changing a teller, he explained, is to begin a financial transaction when the bank is crowded with people.

Canyon Police and Randall County deputies began a futile search for the quick change artist Friday afternoon.

"I've been taken a couple of times myself," Levens stated.

## Little Buffs Get In Free

Members of the newly-formed Little Buffalo Club have the privilege of free admission to West Texas State University home football games, according to Athletic Director Frank Kimbrough.

Membership requirements in the children's club include primarily a parent who has a ticket to the game. The Little Buffalo Club watches the action from the north end zone bleachers of Buffalo Bowl under the supervision of three adults.

In order to be admitted to the free seats, children must be accompanied by one of their parents to the north end zone gate, where the parent must show his ticket to the gateman. The gate will be locked during the game, and no child may leave unless called for in person by one of his parents.

Home games remaining are Utah State (Sept. 23), University of the Pacific (Sept. 30), Colorado State (Oct. 7), San Jose State (Oct. 14), and the homecoming clash with the University of Texas at Arlington (Oct. 28). All games are set for 7:30 p.m. kickoffs.

## Hales Exhibits Fair Champion

Rick Hales exhibited the grand champion heifer Monday at the 1967 Tri-State Fair in the Junior Angus Heifer Show.

The new champion, Hales Elation 150, was sired by H & L Elation 4, who was the reserve grand champion bull at the 1964 Tri-State Fair.

Dr. Charles Smallwood of Canyon, head of the agriculture department at West Texas State University, was judge for the show. Reserve champion heifer was exhibited by Chester Hales of Claude.

# Way Is Cleared For Apartments

BY WAYNE BOARD

Construction on a 72-unit apartment complex to be located just south of Hunsley Hills should begin here by Oct. 1 according to the project's developer, Jim Crockett.

Crockett, who received approval of his land plat from both Planning and City Commissioners earlier this week, said the complex would cost "just under one million dollars."

It appeared last week the project might be in for rough sledding when A. W. Lair told the Planning Commission the apartment would cut the value of his property in Hunsley Hills.

"I'm not going to stand still for this," Lair declared. "I'll oppose this at every point."

The former city attorney said

## D. Aldridge Back At WT

Darrell Aldridge, suspended from West Texas State University in December of last year, has enrolled in classes at WT for the fall semester.

This information was made public this week in a news story in The Prairie, West Texas State student publication.

Dean of student life, Dr. T. Paige Carruth, was quoted as having said Aldridge will "have no restrictions on him as far as participating in campus life and enjoying the privileges all other students enjoy."

Aldridge was suspended from

## Faculty Dinner Slated Sept. 28

A dinner for new faculty members at West Texas State University and the Canyon Independent School District will be held Sept. 28 at 7:30 p.m.

The dinner, an annual project of the Canyon Chamber of Commerce Education Committee, will be conducted in the WTSU East Cafeteria.

Speakers for the affair will be Jerry Jacobs, Canyon school president; Dr. James P. Cornette, WTSU president; and Dr. Burwell Southern, president of the chamber of commerce here.

# Board Renews Umbarger Pact

Canyon school board Tuesday night renewed a transfer agreement with Umbarger Common School District for transfer of high school students to Canyon.

This year Umbarger will pay 85 percent of the actual cost per pupil with the understanding that there will be 100 percent payment next school term.

Umbarger has been paying only two thirds of actual per pupil cost.

At present Umbarger is paying $184.76 per student per school term. Some Canyon elementary school students transfer to Umbarger and this number is subtracted from the Umbarger to Canyon transfers when arriving at payment.

School officials said 35 high school students transfer from Umbarger to Canyon while about 15 elementary and junior high school students transfer from Canyon to Umbarger.

Superintendent Jerry Jacobs said Canyon School System draws state aid on the transfers. At the old figure, Umbarger has lacked about $1900 paying the locally borne cost per pupil for their transfers to Canyon.

Three elementary students transfer to Umbarger. Parents of these children must pay all the tuition costs, according to Ed Wieck, president of the Umbarger school board.

Wieck and the two other members of the Umbarger school board attended the Tuesday night meeting of the Canyon school board. The two other members are Leo Artho and Raymond Batenhorst.

Wieck said the Umbarger School budget would not permit paying total cost on trans-

# No Road In Sight For Fortress Cliff Tract

A jury of view has recommended that commissioners court turn down a petition for a road to the north edge of a 269-acre tract on the north side of Palo Duro Canyon.

The recommendation was announced Monday at a meeting of Randall County commissioners court. It was filed Sept. 15.

The property belongs to Fortress Cliff Corporation which is owned by O. P. Cowart, Charles Allen and R. E. Barnard, all of Canyon. About 4 miles of road would have been involved.

Dr. Guy Owens and Bill Beedy, whose property the proposed road would have crossed, estimated that fencing off the new road, putting wells on property isolated from water, cost of land and damages at about $19,000.

This figure did not include any damages for Beedy. In a letter to the jury of view, Dr. Owens set damages at $3,000. He said his place has wild game on it and opening a road would create a nuisance from would-be hunters and that traffic would constitute a danger to livestock.

"Damage for a ranch being cut in two is hard to estimate so I will leave that up to you," Beedy told the jury.

Owners of Fortress Cliff had hoped to develop the tract commercially. They had initially asked for a 467-foot easement from the Parks and Wildlife Commission to provide access

## First Milo For County

The first load of milo cut in Randall County this year was brought to Consumer Fuel Association and Elevators Saturday by Jeff Gunter, who farms four and one-half miles north of Canyon.

The grain weighed 10,740 pounds and had a moisture content of 19.3 per cent.

Gunter said the TE 77 variety of maize was planted on 110 acres May 7 and had been watered three times.

Arnold Prichard, Consumer manager, said Gunter could receive $1.60 per bushel for the maize. The farmer will also get a $25 bonus for having the first maize of the season.

FIRST MILO HERE was cut Friday and hauled to the elevators Saturday by Jeff Gunter, farmer north of Canyon. The irrigated grain that weighed 10,740 pounds and had a 19.3 per cent moisture content was harvested from a 110-acre field.

# Haley County GOP Chairman

J. Evetts Haley, Canyon cattleman and author, was named chairmen of the Randall County Republican Party Tuesday night at a meeting of the county executive committee in Amarillo.

Haley replaces Dick Bittman, who resigned.

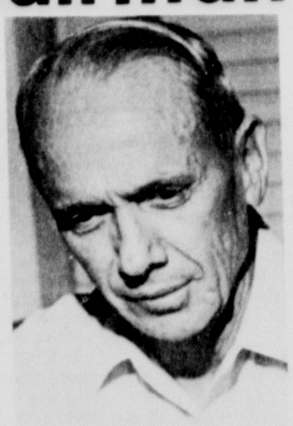

In placing his resignation before the committee, Bittman said pressing business interest were his reason for quitting the post.

"My business has expanded and I don't feel like I could devote the necessary time to the job," said Bittman. "I feel like it is better for me to resign now while there is time to get a new chairman before the primary in the spring."

Bittman said that prior to the meeting he had no indication as to whom the candidates for the post would be.

The committee voted unanimously for Haley.

Haley did not attend the meeting. He is in Salisaw, Okla., this week visiting his son, J. Evetts, Jr.

# SWPC Asking Rate Hike For Electric Services Here

A representative of Southwestern Public Service Company will ask Canyon City Commissioners soon to approve an average rate increase of 5.78 per cent for all consumption within the city limits.

Joe Gidden, SPSC manager here, said he would request the increase for Canyon at the next commission meeting. If approved, the rate hike would become effective at the company's next billing date. The requested increase is being asked of 63 towns, in Texas, Gidden explained.

A break-down of the residential increase, Gidden said, indicates a hike of 9.51 per cent for residential and 4.25 per cent for small general service, for the total of 5.78 per cent overall.

The figures show existing revenue of $520,323.65 for an average of 2,627 customers. The proposed revenue would be $550,377.90, or an increase of $30,054.25.

Under the new charge proposed, a minimum of $1.50 would be in effect. When a customer uses 2,000 or more kilowatt hours per month, rates under the new charge would be lowered 84 cents.

For commercial users from 2kw to 375kwh, rates would be increased $1.05 monthly and from 200 kw to 80,000 kwh, the decreasing costs would amount to 42 cents, Gidden said.

Under a newly-adopted program by the utility company, all residential customers will be billed on a single meter.

At the present time, Gidden said, residential customers who heat their homes or water elect-

Another Randall County commissioner is being rumored as a possible candidate for the office now held by Red Simpson.

Simpson, state representative, says he will not run for reelection. B. R. Jones is being talked as a possible successor.

If Jones runs, he will be opposed in the Democratic Primary by Marion Bruce, who already has his hat in the ring for the job.

Simpson's job is one with a political future because of the timing. Grady Hazlewood is going to retire one of these days. It is likely that he will quit when his present term expires.

Hazlewood's senate seat will then be up for grabs.

A headline in The Amarillo Daily News over a story about the 1964 Republican Presidential candidate starts off with "Bitter Barry....."

The story is a good example of how the press crucified conservative Barry Goldwater.

The story is actually in a humorous vein, although you would never guess it from the headline. In it Barry bares some of the tricks he used during the GOP convention and the ensuing campaign.

Goldwater is anything but an embittered man. He was unjustly maligned and ridiculed but he kept his sense of humor through it all. He is still a national figure with whom to be reckoned.

A report to Congress by the Administration says hospital cost have more than tripled since 1950. If you were a hospital patient in 1950, you probably paid $14.40 a day, says the report. In 1965 you paid more than $45 a day and costs have gone up since then.

Rising wages of hospital personel, higher doctor bills, greater demand for doctors and medicine and an increase in the number of hospital personnel per patient were cited as reasons.

Jack Hill of Amarillo has sculptured a white buffalo which he would like to see standing on the brow of the hill at Buffalo Bowl.

Spotlighted at night, this would make a great trademark for the community, the university and the area. I'd like to see it there.

Some organization connected with the university should pick up the ball and see that this symbol is put where it belongs. I don't know how much it would cost but I'm sure that Mr. Hill would be reasonable on his price.

Governor George Romney has further clouded his political future.

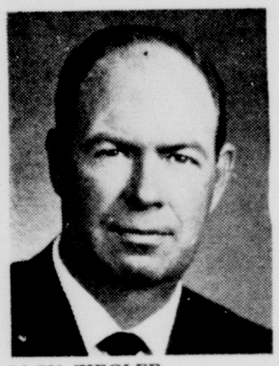

His statement that he was "brainwashed" in Vietnam does his intelligence no honor. His brainwash statement was childish.

When riots hit Detroit, Romney publically admitted that he was unable to cope with the situation although he had city and state police as well as national guard at his disposal.

I do not think that I would want a man who could not handle the affairs of his own state and who allowed himself to be brainwashed on such a vital thing as Vietnam to be handling the affairs of this nation and the world.

I think Mr. Romney about as well fold his political tent and go home.

## After Vietnam?

(An Editorial)

The President's announcement that the US would build a missle defense was heartening.

I think it much more prudent than squandering so much of our treasure on unworkable schemes of the Great Society.

This country is locked in mortal combat with Communism--a fact that some of America's leading statesmen seem not to recognize. There can be no quarter.

American leaders seem to believe that Vietnam, Korea and Berlin are separate crises. Nothing could be further from the truth.

They are all a part of a global pattern of international communism's scheme for world domination. If we were to succeed in gaining an armistice in Vietnam, of what value would it be if fighting were then to break out in Korea, South America or one of another of a dozen world hot spots?

If communism were to renounce its pledge to world revolution, only then would negotiation be fruitful. Only then could lasting peace be attained.

For 75 years now communists have patiently waged their battle for world domination.

Do we have the patience and will to resist as long as need be? If we are in the end to win the struggle we must dedicate ourselves to the task ahead rather than to business as usual.

We cannot depend upon treaties with people who have broken every treaty they have ever made.

We must depend instead upon our arms and our defenses and place our faith in our God and the rightness of our cause for the road we must walk is dark and long.

'68s Top Secrets are here

1968 Chevrolets

The 1968 Chevrolets are the very essence of modern design. Every line, every curve is in close harmony. It's a smooth, uncluttered look with roof lines compatible with body lines, grilles and bumpers that blend gracefully into long, rounded fenders. Clean, flowing, beautiful in their simplicity, these '68 Chevrolets are rich and advanced in styling beyond any you've ever seen.

A MORE SILENT RIDE

And for 1968, we've gone to every length to give you more peace and quiet inside. The most sophisticated computers have been used to strategically place body mounts and successfully isolate noise and vibration. Shock absorbers have been improved. The wheel stance on many models is wider for greater smoothness. Exhaust systems have been redesigned to make them whisper-quiet. Even the clocks tick more softly. *A sound car is a silent car.* The '68 Chevrolets are the most silent, highest quality cars we've ever built.

BETTER PERFORMANCE

There are new engines, a bigger standard Six and V8. There's a new 250-hp V8 you can order that runs on regular fuel. Many new engine components increase dependability and keep your new Chevrolet running stronger. There's a new rear axle ratio you can add for greater economy. On most engines equipped with automatic transmissions, there's a special heater for the carburetor which gives you more efficient performance in cold weather. And with every engine, you get the new GM exhaust emission control.

UNIQUE ASTRO VENTILATION

There's a whole new idea in ventilation, called Astro Ventilation, for Camaro, Corvette and the elegant Caprice Coupe. It's also available on many other models. By opening two new vent-ports on the instrument panel, you bring in outside air that can be directed where you want it. This way, you can leave your windows rolled up and add still more to your peace and quiet.

PROVED SAFETY FEATURES

You get the proved GM-developed energy absorbing steering column, folding front seat back latches, dual master cylinder brake system with warning light, plus many more *new* features. Among them: energy absorbing front seat backs, and safety armrests that shield the door handles.

MUCH MORE THAT'S NEW

There are new roof lines, some formal and graceful, others sporty and quick. There are new instrument panels, richly designed and all controls within easy reach. There are new interiors, new vinyls, new fabrics, new colors. There are models with Hide-A-Way windshield wipers and headlights that disappear behind grilles. There are new side marker lamps, new recessed taillights. There's even a new ignition alarm buzzer that reminds you not to walk away and leave your keys in the car.

These are the newest, the most different, the most dramatically changed Chevrolets ever. And they're at your Chevrolet dealer's now. You'll thoroughly enjoy slipping behind the wheel, experiencing the smooth new handling and library-quiet ride and, more than anything, seeing and feeling the even greater quality built into every new Chevrolet for 1968.

Be smart! Be sure! Buy now at your Chevrolet dealer's.

CHEVROLET

There's more quality and value built into Chevrolets than ever before, making every new 1968 model an even better buy!

## Mrs. Allen's Rites Held

Funeral rites for Winona Davis Allen, 77, were conducted Monday at LaGrone Funeral Chapel in Canyon with Rev. Strauss Atkinson, pastor of the First Baptist Church, officiating.

Interment was at Dreamland Cemetery under the direction of LaGrone Funeral Home. Serving as pallbearers were J. V. Moore, Morris Abbott, Luke Miller, Levi Cole, Paul Lindsey and Rusty O'Donald.

Mrs. Allen was born December 4, 1889 in Bates County, Missouri. She had been a resident of Amarillo for 30 years and died September 16 at Lillian's Convalescent Home in Amarillo.

She is survived by a son, L. A. Peterson of Sioux City, Nebraska; a brother, Clifford B. Lipe of Denver, Colorado; and two grandchildren.

A brother, Irl Lipe, preceeded his sister in death.

# Eagles To Clash With Wolverines

The much improved Eagles of Canyon High School put their 1-1 record on the line Friday night in Buffalo Bowl against the Eagles of Lawton, Okla., Eisenhower High, who also have a 1-1 record. Game time is 8 p.m.

Fresh off an encouraging 19-18 triumph over the pesky Levelland Lobos after an 0-65 blasting by Phillips, Canyon will go all out to keep its winning ways intact.

Eisenhower dropped its first game to tough Northwest Classen of Oklahoma City, but bounced back to defeat Tulsa Hale 16-6 last week.

Lon Conner seems to be just what the doctor ordered for the Canyon offense. Conner started his first game last week and directed the one-point win over Levelland. He hit three of eight passes for 82 yards, all team season highs, and turned team game highs of the longest run (24 yards), longest pass (42 yards to halfback Bob Wood), longest punt (45 yards), and longest kickoff return (22 yards). All that coupled with his improving ability in the defensive secondary make him a valuable man indeed.

Coach Jim Greenwood is delighted with the improvement of Chuck Hester at guard. "He's the most consistent and the most improved offensive lineman we have," stated Greenwood, who also is pleased with the progress of end Larry Robinson, who cut down the last opponent with a crucial block on Jim McBroom's 75-yard return of an intercepted pass against the Lobos, and with the defensive work of linebacker Phil Swatzell, who had his helmet in 21 tackles last week.

"I think the boys have made a tremendous comeback," declared Greenwood, summing up the last week. "We've had real good workouts this week as well," he added.

Canyon may need every bit of it against a team like Eisenhower, for whom they have great respect. "They have a great quarterback, Adam Newsome, who passes often from the pro set," explained Greenwood. "Flanker George Esadooah has tremendous speed, and they have a good fullback in Mike McAdams and two very good tackles in Randy DeYoung and Robert Randolph."

"Newsome, when he doesn't pass, likes to keep on the option play. He's a tremendous player, and is very deceptive," said Greenwood.

Eisenhower, which boasts good size, throws a five-man line, two linebackers, and four deep backs against most teams as their basic defense. However, against running situations, they sometimes go with a six-man line, two backers, and three backs.

The Ikemen are particularly noted for lots of depth and great school spirit, and they impose a formidable foe to any team.

New faces in Canyon's starting lineup on defense will be David Thompson and Andy Hanson at guards and Ronnie Russell at end, and on offense, Tony Gibson at end and Dwayne Gerber at center.

Next week's foe, Tucumcari, dropped a 39-6 decision to rugged Clovis, but two future Canyon opponents turned impressive victories. Dumas skunked AAAA Pampa 69-7 and Perryton wiped out Woodward, Okla., 41-8. District 1-AAA challenger Hereford lost to AA Olton 21-20.

## Birthday Calendars Available

Sales will continue through Wednesday on the "community birthday calendars" being sponsored by the Canyon Band Parents.

According to Dr. Roland Johnson, president, funds will be used to benefit all bands of the Canyon Independent School District including the sixth grade bands, junior high bands and the high school band.

Listing will be $1 for single persons; $1.50 for married couples with anniversary and birthday; and $2.00 for families with anniversiries, birthdays and children's birthdates.

Listings will include a copy of the calendar and additional copies of the calendar may be ordered for 50 cents.

The calendar will also contain listings of various civic club meetings. Flag symbols will be used to identify persons in the armed forces, where listed.

Persons out of the city limits are urged to contact the schools for placement of orders.

## Vote Count Set Today

The three-man Agriculture Stabilization Conservation county committee will meet today, Thursday, to count ballots for positions on seven ASC community committees.

Those on the ASC county committee include John E. Frost, John Plank and Forrest Grunner.

A total of 1,987 ballots were recently mailed to ASC members and their wives, said Donald Lloyd, office manager.

The 56-man ballots are to decide three men for each of the seven communities.

# T.J. Myers Recalls Hard Canyon Winter

(Editor's Note: This is one of three prize-winning essays on Canyon history written in a youth historical essay contest sponsored by the Randall County Historical Survey Committee. Prize money for the essays was furnished by Mrs. Ed Harrell.)

BY RENA GAYLE HILLIER

I am 14 years old. I have lived in Canyon all my life. I just wondered how often we have had a white Christmas here. A friend of mine said down at the museum they have records over the years about the weather.

RENA GAYLE HILLIER

Looking through these I discovered that on December 5, 1918 they had heavy snowfalls for many days.

On December 26, one of the records said we had one of the worst storms on the plains on this date. The storm caused untold losses to the cattlemen. All trains and all mail were stopped. This happened during a bad snow storm.

On January 9, 1919, it was reported from the Vega paper the snow which had accumulated for several weeks had melted very slowly. It was below zero every night and our local weatherman said we had 64 inches of snow. Old settlers report we had never had that much before. It was the worst storm since 1912; about 2 ft. of snow in this storm. On January 16, 1919 The Canyon News reported no mail had been delivered in 40 days. The gorges 50 to 60 ft. deep were filled up.

By good luck I was fortunate to find a Canyon citizen who was working as a cowboy at this particular time, and I asked him to tell me about his experience. He was working out in the snow storm of 1918-1919.

Mr. T. J. (Curley) Myers is well-known to every old settler in Randall County. He said he moved here as a small boy in September, 1902. His father and mother and children came here by railroad. His father purchased two sections of land from Mrs. McAroy, a few miles from Canyon. (He was one of the seven children and the only survivor).

In the latter part of October Mr. Myers started working for Mr. Hilburn as a cowboy on his ranch. His job was cowboying although he didn't have too many cattle but plenty of work to be done. There were three cowboys working on the ranch.

His job and that of another boy named Roy Foster was to make a trail down in the Palo Duro Canyon from the rim rock to the bottom so the cattle and horses could be gotten out of and into the canyon.

"We took the tongue and the four wheels of a wagon and rigged a box upon it to haul our tools up and down to work. We had some boulders and rocks that had to be dynamited out for the road. For this purpose we had to use a lot of dynamite.

"One morning we loaded a case of dynamite in our tool box to send it to the bottom of the canyon. As we were unloading the dynamite I said 'Foster, where are the caps?' and he said they were in the box with the dynamite. Butterflies began to come before my eyes to think how near we had come to death and what a crazy trick to do when only a 40 pound jar would set off those caps, and would have blown up the dynamite and us with it!

"All day long I thought what a crazy guy he was because as we would shoot the dynamite he would hardly move back from where we put it.

"It began to snow along the last days of November and shut us in. It snowed a great deal and the weather got very cold. The old house wasn't much but we had a large wood stove. We burned Mesquite trees because they were handy. Our worst trouble was breaking out ax handles which we replaced with home-made handles made of Mesquite.

"Finally, sometime a few days after Christmas we got down to a diet of straight hotcakes for 6 or 7 days; that was all we had. So we had to have some groceries.

"All three of the cowboys matched coins, odd man out, and I was unlucky enough to be that odd man. I saddled up very early the next morning and tied 3 gunny sacks to my saddle and started for Canyon. The snow was deep and very hard going. In places the drifts were so deep horses couldn't get through them, so I would have to go around them which took a quarter to a half mile to get around them.

"I got into Canyon late that night and put my horse in the wagon yard. I stayed at the old Baltimore Hotel which still stands at the southwest corner of the square.

"The next morning I went to the Canyon Supply to buy two slabs of bacon, sugar, potatoes, and more groceries. These I tied onto my saddle and returned to the ranch way in the night.

"Sometime after this trip for the groceries we ran out of horse feed. There was a ranch across the Palo Duro some 7 or 8 miles, but to get there required crossing 6 7 miles of canyon. To make it now would be a 50 mile trip. So once again we matched coins and, as usual, I lost.

"Bright and early the next morning I took four mules and a trail wagon and started on the trip. I loaded the bundles and coming back I decided I would cut off some miles and come down the Harding trail to reach the creek in the canyon and let the mules water. It took me three to four hours to get them out.

"I finally arrived after dark at a house out on top. The mules were so tired I decided to drop off one wagon and try to get on to camp.

"There was a telephone at this house and as I hadn't heard from home for several weeks, I phoned home to find out that my mother had fallen over an anvil on the back porch, and they needed me at home. I told them I had to take the mules in and that I had been on this trip for four days.

"I started again that night to return the mules to camp. Then I started for Canyon, reaching there the next morning. My mother was better after a week so I didn't go back. I stayed at home and helped my father with the work.

"The winter was very hard, and many people began to die of the flu. There wasn't enough doctors. It would take two or three months before you would hear how your good friend was.

That has been about 50 years and I have never seen anything approaching the hard old winter of 1918-1919. Don't let anyone tell you that we always have California winters in the Panhandle."

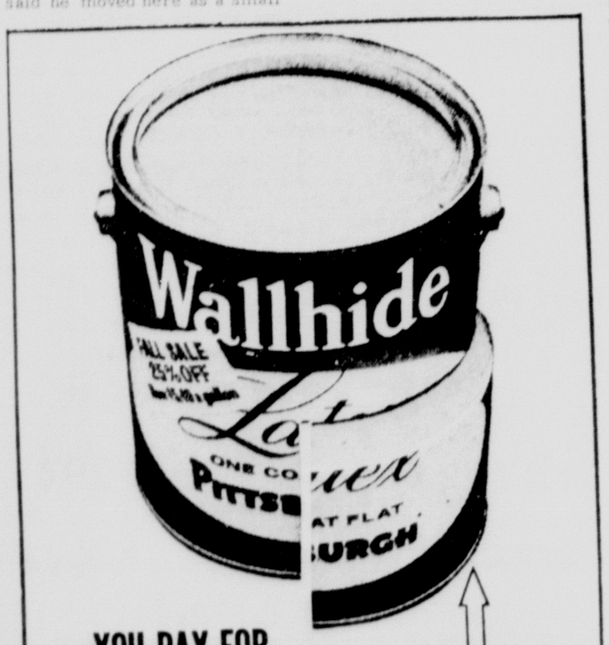

## Dr. Bright Has Music Published

Four new musical works by Dr. Houston Bright were published during the summer by Shawnee Press, one of the highest ranking music publishers in the east.

Dr. Bright is composer-in-residence at West Texas State University and directs the Univeristy Chorsle.

The new publications include three works for mixed voices, unaccompanied (i.e., "a capella choir"): "Star, Moon, and Wind," on a poem by Shelley; a collection of five songs from Robert Louis Stevenson's "A Child's Garden of Verses"; and an arrangement of the spiritual, "Same Train" featuring the alternating play-off of men's voices against women's voices.

Also released is "Trilogy for Women's Voices," consisting of "Fall, Leaves, Fall" (Emily Bronte), "Rough Wind, that Moanest Loud" (Shelley), and "The Sigh that Heaves the Grasses" (anonymous text).

## Scout Awards Set Sunday

Three awards are scheduled to be made Sunday morning at the First Christian Church services for the highest church-related awards of Boy Scouting and Girl Scouting.

Receiving the God and Country Award for Boy Scouting will be Chris Gerald. The God and Community Award for Girl Scouts will be given to Julie Coffman and Sharon Hinders.

The presentation will culminate a year of study on scripture, history of the Bible and churches, church doctrine and other aspects of Christianity, according to Rev. Charles Meredith, pastor.

LOOKING OVER A NEW SCRIPT in the comedy production of "Mr. Angel" are the show's famous actor and actress, Paul Grimes and Mary Mitchell, who have their home disrupted by the appearance of a series of angels. The comedy production will be presented September 28-29 in the Canyon High School auditorium.

## 'Mr. Angel' Comedy Is CHS Play

A comedy entitled "Mr. Angel" will be the fall production for drama students at Canyon High School.

The play which deals with "angels on earth to place an unborn being in the home of a famed actor and actress", will be presented September 28-29 in the Canyon High School auditorium. Admission will be $1 per person.

Cast in the lead role is Andy Moreland, who appears as an angel who takes the form of a human.

Mary Mitchell and Paul Grimes are cast as the famous actor and actress and Bea Thompson is the unborn being. Mary Starnes appears as a playwright friend of the actor and actress and Frank Williams is the gangster actor.

Other cast as angels are Alicia Boone, Susan Booth, Maurine Grimes, Sheryl Pittard, Hal Harter and Randall Nash.

Appearing as detectives will be Barry Cox, David Graham and Mike Blanton. Barbara Kirkman has the role as Mrs. Sawyer, the maid.

Directing the 17-member cast will be Eddie Thomas, speech instructor with Margaret Raef as assistant director. Costumes, publicity and lighting are being handled by drama students.

## Miss Parker Wins Ribbons

Cathy Parker of Happy was a winner at the Tri-State Fair in Amarillo this week.

Miss Parker, daughter of Mr. and Mrs. Walker Parker of Happy, won blue ribbons on her suit, blouse, pillowcase and tea towel. She also won a red ribbon on her canned peaches.

She is a member of the Happy 4-H Community Club and is a granddaughter of Mr. and Mrs. Wesley Woods of Canyon.

'68 Buick. Now we're talking your language.

We changed the Skylark from front to rear, we gave it a whole new look, simply because we believe you want a car like this. In other words, we're talking your language.

We thought you'd like to have a little easier time parking. So we shortened the wheelbase of the two-door Skylark down to 112 inches.

The new 230-hp., V-8 engine runs on regular gas. It's standard on all Skylark Custom models.

We also refused to limit your choices. Skylark Custom comes in four models, 15 colors and 32 trim combinations. So talk to the man who talks your language, your Buick dealer.

All Buicks have a full line of General Motors safety features as standard equipment. For example, side marker lights and energy-absorbing steering column.

Wouldn't you really rather have a Buick?

The '68 Buicks are at your Buick dealer's now. He's ready to talk your language.

# Dallas Pianist To Play Here

Monte Hill Davis, Dallas pianist, will be presented in a special concert Monday in the Fine Arts auditorium at West Texas State University by the WTSU department of music. The public is invited.

The 8:15 p.m. recital is the first program of the 1967-68 season, and is presented in conjunction with the WTSU Special Programs connittee. A reception for Mrs. Davis is to be held after the concert in the Fine Arts Building formal lounge.

MONTE HILL DAVIS

Monte Hill Davis began studying the piano when she was five years of age, and she appeared as soloist with the Houston Symphony Orchestra, playing the Mozart D Major Concerto, when she was nine years old.

Three years later, on the recommendation of Ernest Hoffman, Mrs. Davis went to Denton to study with Drs. Silvio and Isabel Scionti. She stayed in Denton and attended high school and North Texas State College, where she received her Master of Music degree. While there, she entered and won the Dealey, Gulf Sulphur, Austin Symphony, and Amarillo Symphony competitions.

Mrs. Davis went to Europe in the summer of 1953 and won second places in three international competitions. In December, 1953, she played a Town Hall recital in New York City, and since that time has played concerts throughout the United States.

Mrs. Davis won the top prize in the international piano competition in Munich, Germany in 1955, and she then played at the National Art Gallery in Washington twice, and has appeared with the National Symphony Orchestra three times, and with the Boston Pops in Boston on a special program.

In 1963, Mrs. Davis went to London to study with Madame Ilano Kabos, and while there auditioned for the BBC radio. She will play a recital in England this year. In the fall of 1965, she played concerts for five weeks in Peru and Brazil as part of the Partners of the Alliance program.

She has appeared with the Houston Symphony Orchestra and the Dallas Symphony Orchestra with Arthur Fiedler conducting.

For her program at WTSU, Mrs. Davis has selected "Three Sonatas" by Scarlatti, Beethoven's "Sonata, Op. 31, No. 3," Prokofieff's "Five Sarcasms, Op. 17," and Chopin's "Ballade in G minor, Op. 23" "Ballade in F Major, Op.38," and "Six Etudes, Op. 10, Nos. 4, 5, 6, 8, 9, 12."

# WT Shows Enrollment Increase

Totals for four days of registration ending Saturday showed 6,253 students had enrolled for the fall semester.

The total is an increase of 580 in enrollment compared with the total after the same period during fall 1966 registration.

Day student enrollment of 5,043 was 323 more than the 1966 total of 4,720. Evening student enrollment Saturday was 1,210 compared with 953 in 1966.

Final total enrollment for the fall semester 1966 was 6,157.

Thursday is the last day for beginning freshmen to register, but other late arrivals on campus may register as late as Sept. 29. Final enrollment figures will not be available until then, but an expected 10 per cent increase would make the final enrollment total about 6,800.

# Funeral Saturday For W. H. McKee

Funeral services for William Harman McKee were conducted Saturday at the First Christian Church of Canyon.

Mr. McKee, 69, died Thursday at Neblett Memorial Hospital in Canyon. He was born January 23, 1898 in Cook County Texas and married the former Ruthy Hanks on July 7, 1918 in Old Mobeetie.

The McKee family moved to Canyon in 1931 from Panhandle. Since his arrival here, Mr. McKee had been employed as a mechanic with Imperial Chevrolet Company.

He was a member of the First Christian Church of Canyon, and is a past master of the Canyon City Masonic Lodge No. 730. He was a past district deputy grandmaster of the 99th Masonic District of the Grand Lodge of Texas.

Services were held at the First Christian Church with Rev. Charles Meredith officiating. Assisting were former pastors of the church, Rev. Win Matsler and Dr. Joe Findley.

WILLIAM HARMON McKEE

Interment was at Dreamland Cemetery under the direction of LaGrone Funeral Chapel. The Canyon Masonic Lodge performed graveside rites.

Pallbearers were grandsons, Mike McKee, Charles Thompson, Jim Phelps, Barry Gathright, Stephen Byars, Phillip Brown, Garry Byars and Marion Varn Worthington.

A memorial project honoring Mr. McKee will be placed in the foyer of the First Christian Church of Canyon. The family requests that all memorial gifts be sent to the church.

Survivors include his wife, Ruthy of Canyon; three sons, W. P. McKee of Borger, R. V. McKee of Tulsa, Oklahoma, Steve M. McKee of Hereford; two daughters, Mrs. G. D. Gathright, Jr. and Mrs. W. W. Byars, both of Amarillo; two brothers, J. H. McKee and S. V. McKee, both of Borger; and three sisters, Mrs. G. J. Worthington of San Jacinto, California, Mrs. Hazel Collier of Stinnett, Mrs. Lula Wolfsum of Perryton; and twelve grandchildren and two great-grandchildren.

## Plain Gets Certificate

Arthur Plain, Canyon Police Department patrolman, received a certificate Tuesday for the completion of a seven and one-half week course at the Amarillo Police Academy.

Plain, who joined the CPD earlier this year, received his certificate for the completion of 384 classroom hours along with a graduating class of 20.

He ranked fifth in overall grading with the 20 officers from throughout the Panhandle.

Attending the ceremonies from Canyon was CPD Chief L. D. Caldwell, City Manager Paul Davis and City Clerk Johnny Janak.

# Canyon B Drops Two

Canyon High School's 'B' team, weakened by the promotion of many players to the CHS varsity, dropped their first two games of the football season by lopsided scores.

In their initial game, Canyon dropped a 47-6 decision to Dumas. The lone Eagle score came on a 60-yard pass play from Max Bosley to David Erwin.

Phillips blasted Canyon 56-6 the following week. Gary Moore scored Canyon's touchdown on a 55-yard sweep.

# CJHS Rips Hereford

Canyon Junior High's Ninth Grade ran over a tough but outclassed team from Hereford Stanton 21-0 here Thursday night.

Halfback David Carter, who had an earlier scoring run erased on a penalty, put Canyon on the scoreboard with 5:30 to go in the second quarter with a sweep of nine yards. With 1:45 left before halftime, halfback Robert Bull tallied on a four-yard run, and an extra point kick by Frank Belcher gave Canyon a 13-0 halftime edge.

Belcher scored himself with 2:07 remaining in the third period, and ran the extra points.

The team is coached by Wayne Phemister and B. B. Kendrick. Kendrick had high praise for many of the players following the victory.

"Center Kelly Tinsley did the best job blocking on our team and one of the best jobs I've seen. Guards James Boyce and Darrell Breitling and tackle David Smith also did very good jobs on their blocking. On defense, guards Tinsley and Boyce and middle linebacker Smith didn't let them have a thing up the middle, and end Frank Belcher and left linebacker Bud Griffin gave good pass pressure.

"Mike Swatzell did a real fine job moving the team and was sharp on his passes. Griffin and Ricky Richardson turned in some good catches at ends. Carter did an excellent job running."

The players on this year's Ninth Grade team have lost only one game in junior high, and that one by one touchdown. Their record for three years is now a strong 8-1-1. The tie came in the Seventh Grade against Plainview, and the loss in the Eighth Grade against the same team, which is not included in this year's schedule.

The Ninth Grade travels to Hereford Thursday for a 6p.m. conference game with La Plata.

## Band Parents Plan Projects

Canyon Band Parents met Tuesday night at the Canyon High School band rooms for a business session and get-acquainted party with approximately 50 members attending.

Four fund-raising projects were adopted by the group including the community birthday calendar sales, a spaghetti dinner for CHS Homecoming, a subscription drive in co-operation with the Canyon News, and a concession stand for the high school All-Region band rehearsals.

Funds from these projects will be used to pay for filming of the band marching contest on October 19, social activities for all levels of band, half-time refreshments for the high school bandsmen at football games, and a spring trip for the high school band, according to Dr. Roland Johnson, president.

A film of the CHS band participating in the 1966 University Interscholastic League marching contest and recordings from the concert contests were presented as the program for the evening.

# Concert Season Begins

Canyon Community Concert Association will begin the season with a tea for workers on October 1 from 3-5 p.m. in the home of Dr. and Mrs. Joe Findley.

Plans will be laid for the membership drive to be held in early October. Mrs. Findley stated that renewal week for present members will be October 1-7 and new members will be sought October 9-14.

A worker's dinner will be held October 9 at the Canyon High School cafeteria to begin the drive for new members. Memberships are $10 for adults and $5 for students.

A minimum of three concerts will be on the schedule, according to Mrs. Findley. The current season already has bookings for January 24, the Don Shirley Trio, and February 22, the Beauxart's Quartet.

In addition, memberships in the local group will allow for exchange program attendance at several area towns with concert contracts.

Had a party? Or giving one? Tell The Canyon News about it. Telephone OL5-2141, or stop by the News office on the west side of the square.

# Pokes Lose To Bovina

The Happy Cowboys jumped to an early lead, but faltered and dropped a 28-16 game to the Bovina Mustangs in Bovina Friday night.

In so doing, Happy fell from first to seventh on the Amarillo Daily News' poll of Class B teams in the Panhandle.

A two-yard run by halfback Dean Bryan had the Cowboys in front 8-0 after Don Maynard hit Joe Bill Dempsey on the extra points pass, when a 13-yard scamper by Bovina's Leon Murphy cut the lead to 8-6.

The Cowboys moved to a 16-6 command on a two-yard blast by halfback Jesse Ramos and a conversion run by Ramos, but from that point the scoring belonged to Bovina.

Murphy scored twice more for the Mustangs, once on a four-yard scamper and again on a 36-yard pass from Daryl Kirkpatrick. Carl Harris used a 16-yard run to score the final touchdown of the night in the 28-16 home win.

This week the Cowboys go to Silverton for a game that should prove exciting. The Owls are rated ninth by the Amarillo Daily News in Class A, while Happy is seventh in Class B. Silverton has a 2-0 record, while Happy is 1-1.

## Agriculture Booth At Fair

Randall County's agricultural productivity will again be represented at the Tri-State Fair in Amarillo this year.

John Brazzil, Randall County agent preparing the agricultural booth, said field, home and garden crops as well as grain sorghums would be represented at the exhibit in the Agriculture Building.

The county agricultural exhibits are not judged, he said, nor are any prizes awarded.

The fair ends Saturday.

## Millers Have Infant Girl

Dr. and Mrs. David E. Miller announce the September 19 birth of a daughter, Wendy Ruth.

Born at Amarillo Air Base Hospital, the infant weighed 5 pounds 13 ounces on arrival. The infant's father is presently with the US Naval Medical Corps in Vietnam.

Paternal grandparents are Mr. and Mrs. W. E. Miller of Canyon. Maternal grandparents are Mr. and Mrs. Jose Beltran of the Canary Islands.

## Boosters Club Meets

Canyon High School Booster Club held a regular business meeting Tuesday evening with films of the Eagle-Levelland football game as highlight of the program.

Plans were discussed for a "football dinner" to be held tonight, Thursday, at the home of Mrs. O. W. Parker. Mothers of team members will hostess the dinner.

An all-school social was set for Friday night following the Lawton-Eagle football game. The social will be held in the commons area at the high school. The "Torrents" will provide the music. Admission will be 75 cents at the door.

## WT Booth At Fair

A West Texas State University exhibit is on display at the Tri-State Fair in Amarillo.

A booth, sponsored by the West Texas Ex-Students, Inc. and the Ghost Riders, campus spirit organization, is in the Better Living Center at the fair. The exhibit includes pamphlets and general information concerning the university and features a continuous slide show of various campus activities.

The booth will be open from 10 a.m. to 10 p.m. until the fair closes Saturday.

Mrs. Pat Britain of Canyon and Mrs. Geane Swafford and Lana of Amarillo attended funeral services for Mrs. Britain's cousin, Joe Hardin, in Childress Sunday.

SOCIAL COMMITTEE CHAIRMAN, Mrs. Claud Zevely, left, serves Mrs. Bill Auvenshine as Mrs. Marvin Philpott, at end of the table, looks on. The occasion was a "begin-the-season-tea" for members and guests of the Canyon branch of the American Association of University Women Sunday in the formal lounge of the Fine Arts Building on the campus of West Texas State University. Approximately 50 women attended the tea.

# Buffs Win Montana Game

West Texas State's Buffaloes got the 1967 season off to a shaky start but then came from behind to defeat the Montana State Bobcats 35-26. A three-touchdown performance by sophomore fullback Duane Thomas highlighted the Buff triumph.

Thomas thundered for 102 yards on his way to the trio of scores in his first varsity game at West Texas. When the Buffs gave up the ball to the Bobcats, guard Dave Whitmire took over the head knocking where Thomas left off, as he recorded 24 tackles.

The Buffaloes jumped into a hole on the game's first offensive play, when Eugene Morris fumbled to the visitors as he attempted to sweep right end. Montana State jumped on the ball at the WT nine yard line, and bolted to a 7-0 lead with the game only 1:21 old. Two plays moved the Cats to the Buff three, from where little All-American halfback Don Hass slashed into the end zone. Soccer-style kicker Frank Kalfoss, a sophomore from Kjellmyra, Norway, toed the extra point.

Hass had a tremendous night as he rushed for 160 yards and raised his season's average to 118 per game. Last year he plowed out 1,460 yards and 20 touchdowns.

The Buffs roared back before the quarter was half gone and registered on the scoreboard on a 10-yard run by Thomas. Buff kicking specialist Tommy Fambrough tied the score with 7:31 to go. The scoring drive covered 80 yards and used eight plays, with the big gains a 28-yard pass from Roy Winters to Morris and a 36-yard pass interference penalty on a Winters throw for Dave Szymakowski.

Szymakowski, the sensational split end from Bethlehem, Pa., became the leading pass receiver in West Texas State history. Needing two catches to pass Ted Wheeler's 71, Szymakowski snared three and now holds the record at 73. With every additional catch, he will break his own record, and he has nine games ahead.

The Buffs scored again the first time they had the ball in the second quarter. The drive consisted simply of two plays by the elusive Morris and covered 79 yards. WT took over on their own 21 after an MSU punt, Morris circled right end for 23, and then grabbed a perfect pass from Winters in the left flat and sped 57 yards for a touchdown. Fambrough kicked the extra point, as he did after every Buff score.

The Bobcats came right back with the following kickoff and marched 64 yards in nine plays to the Texans' 24, but the offense stalled and Kalfoss came on to kick a 40-yard field goal. He kicked a 31-yarder just seven seconds before the half to cut the West Texas lead to 14-13.

In the third period, WT took the second half kickoff and drove to the visitors' 16 before they lost the ball on downs. The next time the Buffs got the ball, they moved 80 yards in eight plays and tallied on a one-yard plunge by Thomas. The longest play of the drive was a 37-yard toss from Winters to Thomas. Szymakowski almost scored the TD himself when he nearly rammed right out of the arms of three tacklers after taking a 13-yard jump pass from Winters and slamming to the MSU three yard line. The score by Thomas boosted the home team into a 21-13 lead with 2:50 to go in the third period.

The final quarter was wild and wooly in the best Buffalo football tradition, with West Texas outscoring Montana State 14-13 in a hair-raising finish.

On the quarter's second play, Bobcat quarterback Dennis Erickson capped a 75-yard, 10-play push with a seven-yard keep around left end for a touchdown. Erickson elected to go for two points and ran for it himself on a fake kicking attempt but tackled shy of the goal line. Had he succeeded, the score would have been tied 21-21, but was left with the Bobcats behind 21-19.

West Texas State's kicking return specialist, Curley Watters, who ranked tenth in the nation last season on punt returns, fielded the following kickoff on his own seven, followed his blocking up to his own 30, and then flashed into the clear and sailed to a 93-yard touchdown. The play tied for second place in the longest kickoff returns in school records.

Montana State then took the Buff kickoff, drove 71 yards in 12 plays after a 29-yard kickoff return by Don Valerio, and scored on a seven-yard pass from Erickson to flanker Ron Bain. With 9:46 to go, the kick by Kalfoss again narrowed the Buff lead to only two points, 28-26.

West Texas rammed over an insurance score at the 3:50 point on an eight-yard cruise by Thomas. Keeping to the ground on every play, Winters started the march with a 28-yard keep around left end, later handed off to Thomas for a 20-yard advance, and then kept again for 14 to reach the MSU eight. Thomas went over on the next play.

West Texas State led the visitors in first downs, 22-19, rushing yardage 276-270, passing yardage 159-72, and total offense 435-342.

(Continued from Page 1)

would be meeting this week for consideration of the matter. Wall had originally said the increase would be effective Aug. 15.

Pioneer was to have filed suit Wednesday with the Texas Railroad Commission against any city not having taken action on the proposed increase.

Commissioner George Ritter said he would favor a utility study commission which would review further rate adjustments. Commissioners had earlier discussed the possibility of combining forces with other Panhandle cities to form the study group.

The hike approved Monday will add an estimated $8.61 yearly to the average residential gas statement although rates for agriculture and industry will not change.

"This request for an increase in the general service rate," Wall said in an application for the rate adjustment, "is primarily attributable to the increased cost which has been experienced in labor, materials, general taxes, and other operating costs."

A recent decision by the railroad commission body that must approve natural gas rate charges, allows Pioneer Natural a 6.5 per cent rate of return.

The company's rate of return, Wall stated, was 2.35 in 1966.

Wall told city dads that Canyon or any municipality losing in a hearing before the railroad commission would pay cost from $25,000 to $40,000.

Also approved by the council was a contract with Canyon's LaGrone Ambulance Service whereby the city would pay the firm $562.50 each month for ambulance calls.

The contract, which states that owner Jerry LaGrone must have two men and two ambulances on calls 24 hours per day, and will require a report every three months on the number of calls made and the amounts collected.

LaGrone had earlier told commissioners he was losing an average of $750 monthly through operation of the ambulance service. Payment for about 60 per cent of his calls are not collected, he said.

"I'm not sure we have solved the problem," stated Mayor Paul Lindsey. "If this is a community responsibility, we should investigate the possibility of operating the ambulance by the city. We would be more justified in losing money than we are this way."

City Manager Paul Davis said he would study how the ambulance services were dealt with in other towns.

Developer Frank Wiginton of Amarillo told commissioners he was ready to trade property for the extension of 15th St. north into Hunsley Hills in return for city paving and water lines to a proposed 75 room motel in the northern section of the city.

Wigington had discussed the right-of-way trade for paving and lines with a commission early last year.

The council indicated it would make a decision on the proposal at a meeting next Monday.

In other action, commissioners accepted a bid of $1,399.76 for a 1967-model automobile from Imperial Chevrolet Company of Canyon.

The automobile, to be used by the police department, will be delivered immediately. A 1966-model car is to be used as trade-in. There were no other bidders.

Action was tabled on the purchase of 1,500 feet of fire hose until Canyon Fire Department Chief Jim Christopher and Capt. Joe Rice could review specification requirements. There were seven firms bidding on the hose.

trically are billed under two meters, one for regular service and the other for heating. The single meter, he added, will mean a smaller investment in the wiring needed to bring the service into a home.

Also to become effective will be a level payment plan whereby a residential customer whose average monthly bill is $15 or more may, on request, be billed monthly based on one-twelfth of his estimated annual bill. All-electric homes are automatically billed under this plan now unless regular billing is requested.

A fuel cost adjustment is also included in the new residential rates. The adjustment allows for the rate to be lowered when the cost of fuel is 18.25 cents per million cubic feet or below and raised when it is above that figure. At the present time, about three cents of the monthly increases shown for the average residential customer represents the action of the fuel clause.

The price of fuel, Gidden said, is the largest single production expense of his company.

When the utility firm asked for their last rate increase 16 years ago, he added, the price of fuel was 7.25 cents per mcf. The cost per mcf is now 19.21 cents.

Although public service received a 10 per cent across-the-board hike in 1951, the company, or predecessor organizations which were consolidated into the present day company, has reduced rates 25 times. A total of 14 of the reductions have taken place since the company took its present form in 1942.

Tracing the history of his firm, Gidden said the company was formed in New Mexico through the consolidation into one interconnected electric system of a number of small electric utilities.

As a result of combining the rate structures of each of the smaller companies, SPSC introduced a rate simplification program in 1956 under which it has reduced the number of schedules applicable to industrial, commercial and residential services from 91 to 24.

The program for which approval is being sought in Canyon and other Texas communities would reduce the number of residential rates from four to two.

Gidden said the program has already been approved by the New Mexico Public Service Commission for use in that state.

"The rate simplification," Gidden explained, "results in lower costs for meter reading, billing and accounting, thus offsetting to some extent other increased costs, and provides the most reasonable rate for the class of service under which a customer is billed."

The company's rate of return under the proposed new charges will be 5.98 per cent, as compared to a present rate of 5.65 per cent. Texas law, Gidden said, allows an 8 per cent return and 6.5 to 7 per cent is normally regarded as equitable for utility companies.

Gidden sited rising costs in fuel, labor, copper wire, steel and taxes as the reason for the requested rate increase.

versity," he declared.

"I can visualize pep rallies being held around it," Hill went on. "It will convey a feeling of the community and area."

It's going to take a little doing to get the huge piece of statuary out of the basement studio. The doors are too small so a hinged portion of the roof will be laid back and the statue will be lifted through the roof with a crane.

Hill works as a plant machinist for Southwestern Public Service Company.

He says he has had a serious interest in sculpturing and designing and art in general all his life.

He is also associated with Canyon Plastics and does design work for that firm. "Mister Jones and I both feel that much can be done in developing new ideas and new products through plastics," Hill said.

Hill has work in the National Hall of Fame for American Indians at Anadarko, Okla., and at the Army Missle Center Museum at Fort Sill, Okla.

His bronze bust of Quanah Parker, famed Commache chieftan, is at Anadarko. The plaster model is in the Panhandle Plains Museum here.

show received awards including a first place in the summer yearling bulls division for Sir Patrick; a second place in the senior bull calf division for SHR Tonto.

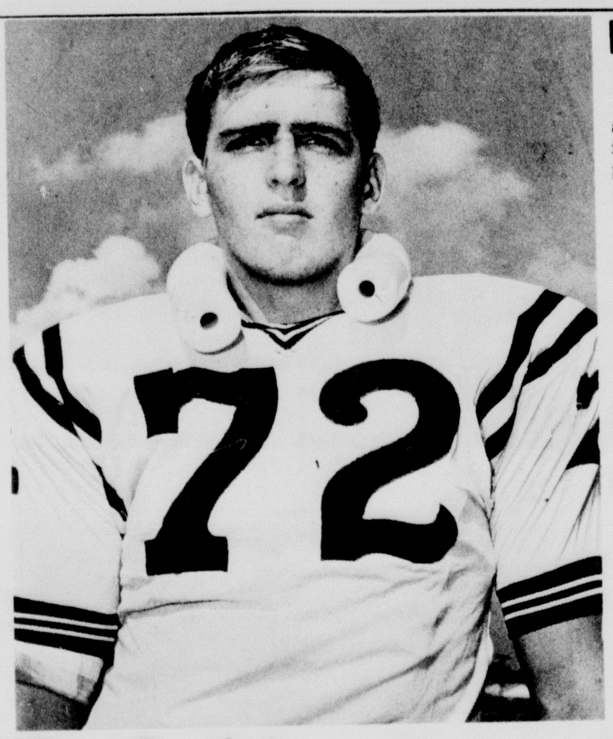

Horn's SHR Lee Nell placed second in the summer yearling heifer division and SHR Irene Yates 4 placed first in the division for junior heifer calves. In addition, Horn received a first place award for entries of two females, a second for pair-of-calves, and a first for senior get-of-sire.

Approximately 30 head of registered Charolais cattle were exhibited in the Tri-State Fair event. The Horn entries were all calved within the last 15 months.

Charolais from the Horn ranch won five first place ribbons and a championship trophy in competition last week at a Clovis, N. M. fair.

The winning entries, all calved at the Horn ranch, included two heifers and three bulls. There were 22 Charolais entered in competition.

Judge for the contests was Donald Beerwinkle, instructor in agriculture at West Texas State University.

## 'Top Eagle'

RONNIE RUSSELL was selected by teammates as the Canyon High School football palyer-of-the-week following the Eagle-Levelland clash Friday night. Russell, son of Mr. and Mrs. R. L. Russell of Canyon, plays tackle for both the offense and defense. He is a senior and this is his second year with the varsity squad. Coach Jim Greenwood commented that "Russell was consistent throughout the game with good hard tackles."

to the tract from Palo Duro State Park which the tract borders. This was denied.

Lonnie Byars served as chairman of the jury of view. "The land owners (Dr. Owens and Beedy) were bitterly opposed to the road," Byars reported. "Their assessment on their property was not in line. It was too much. I don't know who would pay for that."

"It is a very back road and does not follow section lines," he continued. "It was not a feasible deal for the county."

Others on the jury of view include John Plank, Travis Payne, Ben Koch and Forrest Gruner. Byars said the decision to recommend that the road not be built was unanimous.

"I can't see how a jury of view could deny us access to our land," said Allen. "There's no way under the sun we can get to it except by helicopter."

Commissioners court is scheduled to act next Monday on the jury's recommendation. "We pretty well go along with the jury of view," said Commissioner Clarence Beckman.

"I fully concur," declared Beedy as the recommendation of the jury of view was announced. "We'll just leave it that way."

"It looks to me like the only common sense thing," said Dr. Owens. "I wish we could help them get in on the park side."

The jury of view recommendation was filed Sept. 15.

In other action, commissioners authorized the advertising for bids for two typewriters for the office of county tax assessor-collector.

Commissioner B. R. Jones and County Judge Lloyd King were absent from the Monday meeting. Beckman acted as chairman of the court.

A full court is scheduled to meet in the commissioners court room in Randall County Court House next Monday afternoon.

## Milo . . .

(Continued from Page 1)

In Umbarger, the first milo for 1967 was brought to the Co-op elevators by Albert Fischbacker, Sr. He farms one mile northwest of Umbarger.

The grain, which was pre-irrigated and planted May 1, had a test weight of 56 pounds and a moisture content of 14.60 per cent on the 15,300 pounds.

The milo was cut Tuesday afternoon on a 15-acre plot.

Fischbacher will receive a bonus of 10 cents per 100 pounds for having Umbarger's first milo of the season.

## Parent Night For Schools

The second in a series of parent night visitation periods at Rex Reeves Elementary School will be held Monday at 7:30 o'clock for second grade parents.

Visitation Tuesday night at 7:30 will be for sixth grade parents. Parents of fourth grade students will have a 4 p.m. visitation period on Wednesday and fifth grade parents are requested to visit Thursday evening at 7:30.

First grade parents will visit the schools at 7:30 p.m. on October 2, according to Oscar Hinger, principal.

## Haley . . .

His paperback book, "A Texan Looks at Lyndon...A Study in Illegitimate Power", is reported to have sold several million copies just before the 1964 Presidential election.

The book was an acid critique of the political career of Lyndon Johnson.

At press time Wednesday Haley could not be reached for comment on his having been named to the county GOP chairmanship.

## FNB Hikes Dividend

First National Bank has announced an increase in dividends for all stockholders of record as of Sept. 14.

The dividend announced is 60 cents per share per quarter. Previous dividend was 50 cents per share. Levi Cole, chairman of the board, announced the dividend. This is an increase of 20 percent.

an apartment house near his home on Southridge Drive in Hunsley Hills would decrease the value of his property by at least one-half.

Arch Hunsley, owner of the property on which the apartment is to be located, said he would construct and maintain a six foot fence on the north and east sides to screen the area from Hunsley Hills. There would be no ingress from the apartment to Southridge Drive, he stated.

Lair said such a fence would reduce his objection to the apartment house.

The apartment building, Crockett said, will be one-half the size of a complex earlier planned just north of the city limits, but abandoned due to unexpected construction cost.

Crockett, representative of the W. P. Francis Construction Company of Tulsa, Okla., said the English-styled apartments would have 40 one-bedrooms and 32 two-bedrooms.

The project, to front along the Hereford highway just north of 15th St., should be completed by February of 1968.

Crockett said the apartments would be completely furnished and would rent for from $140 to $200 per month. Each unit will have central heating and cooling and a swimming pool will also be available.

Other features of the apartment will include a shuffleboard and badminton court, club houses for private parties and barbecue grills around swimming pools.

Highway Department were cleaning debris from the highway with brooms and shovels, wreckers from Canyon were busy carring nine of the 15 cars involved from the scene. The other six vehicles were driven from the accident site.

Those students involved from Amarillo include Ronald Steven Smith, 18, 2808 Olive; Suellen Jo Vincens, 22, 6113 Dreyfus; Jimmy Earl Smith, 21, 1701 Lipscomb; Donald Gene Rea, 20, 913 Lamar; Joe Bob Ledbetter, 16, 4201 E. 17; Jerry Michael McCoy, 19, 1801 Magnolia; Sharon Kay Higgins, 19, 3303 Lynette Drive; Robert David McCutchin, 20, 3604 Taylor; Duane Charles Greenley, 19, 2209 S. Also involved was Gaylon W. Stamps, 19, Box 191, Panhandle, and Dennis J. Milligan, 24, 1104 W. Monroe, Borger.

Noting the danger of speeding and driving "bumper to bumper", Sheriff Johnston noted that an automobile traveling at 60 miles per hour is moving at 88 feet per second.

"If you are driving nine feet from the car in front of you," the sheriff said, "it will take only one second for a collision to occur."

When asked how much time would be involved in preparing accident reports and issuing citations, one officer replied, "I don't even want to think or talk about it."

## Bottle Raid Is Saturday

A "pop bottle raid" will be staged Saturday by members of the Canyon High School Choir.

Choral students will canvas the city in an effort to raise funds for choir activities. Persons with pop bottles to donate may place them on the front steps and students will pick them up during the day.

All choir members participating will wear identification.

## Aldridge . . .

(Continued from Page 1)

WTSU last December after the 7th Court of Appeals in Amarillo reversed the 47th District Court writ of mandamus.

Late in January of 1966 Aldridge was placed on suspension by a faculty disciplinary committee after he was alledged to have violated the terms of an earlier disciplinary probation.

The writ of mandamus reinstating Aldridge was issued in February of 1966 by District Judge Gene Jordan after Aldridge filed suit to get back into the university.

The case received statewide attention at the time because Judge Jordan ruled the conditions of Aldridge's original probation were a violation of his student rights.

University officials appealed the case and Aldridge was indefinitely suspended after the case was reversed in December. The Texas Supreme Court refused to hear the case when Aldridge's attorney Jack Hazlewood of Amarillo, appealed.

The Prairie quoted Aldridge as having said Monday that he lacks 31 hours to graduate and that he would try to finish by the end of the academic year. The paper said he declined further comment.

## Board . . .

fers this year. "We hope we can make some arrangements by next year," he declared.

Umbarger School District estimates tax receipts at $15,427. The tax rate is $2.10 per $100 valuation, the maximum permitted by law. Valuation is the same for the school district as for county taxation.

Canyon board member Joe Gill pointed out that Umbarger is not collecting as much revenue per section of land as is the Canyon school district.

Wieck said the Umbarger School is operating on a total budget of $26,186. He explained that the school district only has about 40 sections of land in it.

Canyon school board voted to waive tuition for Susan Sneed, daughter of Edgar Sneed. Susan is a fifth grade student. Her father is an assistant professor of history at West Texas State University.

He told the board he had made every effort to find temporary living quarters in Canyon while his home here is being completed. He said he failed to do so and is living temporarily in Amarillo.

Tax Assessor-collector Conway Kuykendall told the board that the taxable valuation of the school district dropped some $1,481,000 from an estimated $53,000,000 as a result of adjustments by the board of equalization. He said this will cost the district about $20,000 in tax money.

The school board gave the board of equalization a vote of thanks.

Resignations of Mrs. Clara Long, high school homemaking teacher, and Mrs. Gerry Fite, elementary teacher, were accepted. Mrs. Juanna Jo Essery has been moved to replace Mrs. Long. Mrs. Essery has been teaching two homemaking classes in junior high school and two in high school.

Mrs. Wanda Trew was employed to teach second grade in Rex Reeves Elementary School. Mrs. Trew is the wife of Dan Trew, junior high school principal.

Robert R. Phillips, 29 years old, was employed as school business manager to succeed Jimmy Plain.

Phillips is a graduate of West Texas State University. He was in the service from 1961 to 1965 and was employed with Sears, Roebuck & Company and later Vulcan Materials Company before coming here.

Amendments to the 1966-67 school budget were accepted by the board.

Jacobs made a report on enrollment. Total enrollment at the present time is 2,571. On a comparable date last year the enrollment was 2,493.

# Creative Hobby Developed For Retirement

AS A TEACHER, Mrs. John J. Cook works with her students in china-painting. She is shown here with several completed pieces and an oversize plate which is designed and ready for the "painter's stroke".

Mrs. John J. Cook has developed a natural talent for art into a fascinating hobby and pasttime for retirement.

"I have loved to draw since I was a child," related Mrs. Cook. "But I couldn't find time for study and development until my children were grown."

"In 1950, I took a course in oil painting under Alma Parton," said Mrs. Cook. She later took three years of china painting.

Although her husband doesn't "dabble with paints", he assists Mrs. Cook by electrifying old lamps. She then paints the globe with intricate china painting designs.

Throughout her home, Mrs. Cook displays her art work in special coves and rooms. In a blue bedroom she has a painting featuring an outdoor scene with blue sky and a matching china painted platter framed in gold.

One of Mrs. Cook's first attempts at oils was an oval scene of her husband's family homestead. It is framed in an antique white frame.

"I hadn't ever seen a hand-drawn cultivator," said Mrs. Cook explaining that she went to junkyards of the area to see a cultivator before painting the picture from a snapshot.

Mrs. Cook came to Randall County as a child in 1919. She was raised here and in November 1934 married John J. Cook. The Cooks established their home in Amarillo until 1953 when they moved "back to the farm", located six miles north of Canyon. Mr. Cook was engaged in farming until his retirement.

They have three children including Mrs. Frank James of Fort Worth and twin sons, Roy Cook of Dallas and Troy Cook of Amarillo.

In addition to Mrs. Cook, the original Dickinson family included four sisters, Flo of Hereford, Mrs. Fred Vaughn of Denton, Mrs. A. J. Armstrong of Roswell, New Mexico and Bonnie Dickinson of Las Cruces, New Mexico and a brother, Allen, now deceased.

Reared at Paducah, Mr. Cook's mother had 15 children. Surviving from the family are Mrs. O. M. McMillan and H. P. Cook of Phoenix, Arizona, Mrs. George Best and E. M. Cook of Lubbock, Mrs. W. T. Dillard of Corpus Christi and himself.

Since retirement, the Cooks spend spare time fishing and travelling. This summer they have been to Canada, the northern states, Wyoming, Montana and Yellowstone National Park.

"You usually picture an artist outdoors with the easel," said Mrs. Cook. "But my outdoor activities are sitting by the bank of a fishing stream."

"I do a majority of my painting indoors...just from ideas. Sometimes I paint from a photograph or a colored slide," said Mrs. Cook, displaying a painting of a German town that features a brick street which is facing the viewer from all directions in the room. The scene was painted from a colored slide brought home by a friend following a tour of Germany and other European countries.

Mrs. Cook's first painting in oils is displayed in a bedroom which is equipped with special made twin beds. Headboards for the beds were designed to match the oval antique frame. The headboards were built of chain-link gateware and are painted white with antique gold accents in a high scroll pattern.

Mrs. Cook also collects odd antique items such as an apothecary cabinet which has been converted into a display case for family heirlooms. In her antique collection are a pie chest, which houses a painted coffee service, and several antique lamp fixtures. These have been redone through her china painting talent.

As an outgrowth of her painting, Mrs. Cook teaches two china-painting classes during the winter. The all-day classes are attended by women from Canyon, Amarillo, Happy and Dimmitt.

"We meet all day and just paint and visit," said Mrs. Cook explaining that her art students bring a sack lunch and she prepares coffee.

Included in the class on Tuesday are Mrs. Forest Gruner, Mrs. Marshall Rockwell, Mrs. Emil Olson, Mrs. Ralph Ruthart and Mrs. A. P. Sanford, all of Canyon.

The Wednesday course is attended by Mrs. Art Brawley, Mrs. Leon Cox and Mrs. William Gentry of Amarillo, Mrs. Juanita Robinson of Happy and Mrs. Velma Lambright of Dimmitt.

A bedroom at the Cook home has been converted for the class. The room features closets which are used to store "white" china for painting and other supplies.

Mrs. Cook also paints with her students.

ART STUDENTS beginning left are Mrs. Forrest Gruner, Mrs. A. P. Sanford and Mrs. Emil Olson. The trio are studying china painting under Mrs. John J. Cook of Canyon.

## Gardeners Tour Creek, View Birds

Canyon Garden Club was entertained Thursday evening at the Bill Money cabin on Palo Duro Creek with a walk along the creek and a series of colored slides featuring birds of the area.

Mrs. I. D. Acord of Amarillo and her daughter were in charge of the program.

Next meeting of the group will be a week end retreat October 12 at the Eagle Nest, New Mexico cabins of Mr. and Mrs. E. T. Cummings. The retreat will include a fall foliage tour of the Cimarron and Toas, New Mexico area.

Refreshments were served by Mrs. D. R. Weaver and Mrs. Bill Money. Joining the group was Mrs. V. B. Hubbard, as a new member.

Sixteen members were present. Guest were Mrs. Lorine Hathaway of Los Lunis, New Mexico who accompanied her mother, Mrs. Jeannette Robbins. Other guests were Mrs. T. J. Meyers and Russell Kuykendahl.

## Shower Fetes Mrs. Taylor And Daughter

A baby shower honoring Mrs. Ronald Taylor and infant daughter, Amberly Kay, was held Saturday afternoon in the home of Mrs. James Blake.

Co-hostesses for the occasion were Mrs. Kenton Knorpp, Mrs. Benny Cooper and Mrs. Gilbert Irlbeck.

The refreshment table was decorated in yellow and white with an over-size rattle of styrofoam balls as the centerpiece. Party favors were jelly-bean pacifiers.

## Miss Gerdes Weds Womack In Ceremony

Miss Donna Jo Gerdes and David Carl Womack were married in double ring wedding vows September 9 in the home of the bride's aunt and uncle, Mr. and Mrs. Curtis Bingham of Kress.

The bride is the daughter of Mrs. Wayne G. Gerdes of Tulia and parents of the bridegroom are Mr. and Mrs. Edward A. Womack of Happy.

Kay Gerdes served as her sister's maid of honor. Tommy Womack of Dumas was best man for his brother's wedding. Guests were seated by Doug Bingham, cousin of the bride, and the bridegroom's nephew was ringbearer.

The couple will be at home in Lubbock, where he will enter Texas Technological College as a law major. The bride is a 1966 graduate of Tulia High School and the bridegroom graduated from Happy High School last year.

## WBC Meet Planned

Woman's Book Club of Canyon will open the season Wednesday with a business meeting and program at 3 p.m. in the First National Room.

Mrs. C. L. Wilson, president, will be in charge of the business session. Mrs. Michael Morris, chairman of the club's fine arts department, will report on plans for the annual art exhibit and Mrs. L. H. Brotherton will review upcoming club programs.

Mrs. S. B. Loudder, who serves as club representative on the Randall City-County Library board, will report on the public library survey.

## DZs Sponsor Bridge Games

Bridge night for Canyon women will be held tonight, Thursday, at the First National Room beginning at 7:30.

Sponsored by the Delta Zeta Alumnae sorority chapter, tickets will be available at the door and from DZ members at 50 cents. Contact Mrs. Gene Price, OL5-3754, for advance tickets as seating will be limited.

# Miss Bussey Weds Widick

Miss Sandra Diane Bussey became the bride of Charles Richard Widick in double ring nuptials read September 1 at the 'Little White Chapel' of the First Baptist Church in Amarillo.

The bride is the daughter of S. M. Bussey of Amarillo and Mrs. Kenneth Loyd of Fritch. Parents of the bridegroom are Mr. and Mrs. Harry Widick of Canyon.

Nuptial vows were read by Dr. Winifred Moore, pastor of the First Baptist Church of Amarillo. Appropriate nuptial selections were presented at the organ by Grace Williams and the vocalist, Mrs. Donna Wilson, sang "Because" and "Whither Thou Goest".

Given in marriage by her father, the bride wore a gown of white lace. Her shoulder-length veil was tulle. She carried a white Bible topped with a white gardenia and surrounded by white carnations.

Jane Haggard served as maid of honor. She wore a dress of white lace over pink and carried a nosegay of pink carnations.

Jack Swatzell served as best man. Ushers were Bill Widick and David Widick.

A reception honoring the couple was held at the bride's home.

The couple will make their home in Amarillo. He is a graduate of Canyon High School and is currently a freshman student at West Texas State University. The bride formerly attended Canyon High School.

A miscellaneous bridal shower honoring the couple was held in the home of Mrs. Pat Lockwood, Amarillo, with Mrs. Raymond Martin as co-hostess.

## BSP Chapter Honors Guests

## Marriage Vows Read

Mr. and Mrs. H. M. McPherson of Happy announce the recent marriage of their daughter, Connie, to J. Deen Roberson, son of Mr. and Mrs. Roach Perry of Plainview.

The double ring ceremony was read at the First Baptist Church of Aiken with Mary McPherson, sister of the bride, serving as bridesmaid and the bridegroom's brother-in-law, Tim Johnson, as best man.

A graduate of Happy High School, the bride attended West Texas State University. The bridegroom attended Plainview High School.

The couple will make their home in Canyon.

MR. AND MRS. WAYNE C. SANFORD announce the engagement and approaching marriage of their daughter, Sharon, to Ronnie Presley, son of Mr. and Mrs. C. B. Presley of Dalhart. Nuptial vows are slated for October 21 at the Assembly of God Church in Canyon. The bride-elect is a graduate of Canyon High School. Her fiance is a senior at West Texas State University, where he is a member of Phi Delta Theta fraternity.

Home Tour Theme . . .

## "Harvest Trail"

The annual "Home Tour" sponsored by the University Study Club of Canyon will be held Sunday, October 1, with six Canyon homes open for public inspection.

"The Harvest Trail" has been selected as this year's tour theme, according to Mrs. Bob Lindsey, chairman.

Included on the tour will be the homes of Arch Hunsley, 19 Southridge Drive in Hunsley Hills; the C. H. Clawson home at 35 Village Drive; the H. R. Fulton, Jr., home at 1007 14th Street; the Sidney Burgess home at 1400 Hilcrest; the Royce Grant home at 1107 Creekmere and the Richmond Hales home, south of the city.

Tour hours will be 2-6 p.m. and a refreshment course will be served at the Clawson home during the tour. Tickets are currently on sale from all members of the women's study club at $1 per person. Tickets will be presented for admittance to all homes on the tour, and may also be purchased on the tour date at the respective homes.

Accenting the homes will be floral arrangements prepared by the Canyon Garden Club, according to Mrs. Lindsey.

Proceeds will be used to promote civic and community projects of the club. Assisting Mrs. Lindsey will be committee members Mrs. Avent Lair, Mrs. Wire Wright, Mrs. Morris Henderson, Mrs. Tom Keeling and Mrs. Jack Bullock.

MRS. CHARLES RICHARD WIDICK

POURING CAKE BATTER into the pan is Mrs. Luke Miller, our Homemaker of the Week. Mrs. Miller, who was born and raised in Canyon, shares recipes for Baked Beans with Meatballs, Vanilla Wafer Cake and Snickerdoodle cookies with our readers this week.

## COOK OF THE WEEK

# Shares Favorites

BY LORENA MILLER

Mrs. Luke Miller of 300 fourteenth Street shares three favorite recipes with our readers this week including Baked Beans with Meatballs, Vanilla Wafer Cake and Snickerdoodles.

Mrs. Miller, the former Laura Lou Campbell, was born and reared six miles north of Canyon. She graduated from the West Texas Demonstration high school.

She is the daughter of Mr. and Mrs. L. T. Campbell of Canyon and has four sisters, Mrs. Gene Gray of Canyon, Mrs. W. L. Blasingame of Farmington, New Mexico, Mrs. Weldon Rea of Bushland and Mrs. George Morgan of Tulsa, Oklahoma. She also has a brother, Jack Campbell of Amarillo.

The Millers were married in 1938. He had moved to Canyon at the age of 5 and graduated from high school here. His mother, Mrs. Gus T. Miller, still lives in Canyon as does a brother, Vernon. His other brothers are Owen and Ernie of Plainview and Herman of South Lake Tahoe, California.

The couple has lived in Canyon since their marriage and have been settled in their present home for 26 years. They have two children. The daughter, Billie, graduated from Canyon High School as class valedictorian and is presently in Dallas, where she is employed with the Federal Bureau of Investigation.

Son, C. L., is a sophomore at Canyon High School. He has attained the Eagle and God and Country awards in Canyon Boy Scouting.

A lettercarrier for the Canyon Post Office, Miller has been with the department for 18 years. He is interested in the scouting movement and serves Troop 66 as institutional representative, which is a co-ordinating link between the sponsoring church and the scout group.

The Millers are members of the First Christian Church of Canyon, where he is a deacon. Mrs. Miller is active in the Christian Women's Fellowship. She is employed at Cooper's Market.

Flower gardening is a favorite hobby of Mrs. Miller. She also enjoys collecting knick-knacks and making artificial floral arrangements.

She said that her husband has a workshop where he reigns as a "Mr. Fix-It". She said that her husband and son have spent the summer rebuilding a '41 Chevrolet pickup.

Recipes shared by Mrs. Miller include:

BAKED BEANS with MEATBALLS

1 1/2 lbs. ground beef
2 large cans pork 'n beans

Season beef with salt and pepper to suit taste. Make into 12 meatballs and roll in flour. Brown in small amount of hot grease. Open beans and place in large casserole dish. Place browned meatballs on top and punch down into beans. Top with the following sauce:

1/2 cup catsup
2 Tbsp. brown sugar
2 Tbsp. vinegar
1 Tbsp. worchestershire sauce
3/4 cup onion, chopped fine.

Bake in 325 degree oven for about 40 minutes. Bake covered for the first 20 minutes then remove cover to allow brownint while cooking for the last 20 minutes.

---

VANILLA WAFER CAKE

1/2 cup shortening
1 cup sugar
3 eggs, well beaten
1 box coconut
1 box vanilla wafers crushed
1 cup pecans
1/3 cup milk
1/2 tsp. baking powder.

Mix together in order given. Bake in greased and floured tube pan at 350 degrees for one hour.

---

SNICKERDOODLES

1 cup soft shortening
1 1/2 cups sugar
2 eggs
2 3/4 cups sifted flour
2 tsp. cream of tartar
1 tsp. soda
1/2 tsp. salt

Mix shortening, sugar and eggs together. Sift remaining dry ingredients together and then stir in.

Roll dough into balls the size of small walnuts and roll in mixture of equal parts sugar and cinnamon. Place 2 inches apart on ungreased cooky sheet. Bake 8-10 minutes in 400 degree oven until lightly brown, but still soft.

These cookies puff up at first and then flatten out with crinkled tops. Makes about 5 dozen 2 inch cookies.

## Goodes Have Infant Son

Mr. and Mrs. Dwight Goode announce the September 11 birth of a son, Mark Allen.

Born at Neblett Memorial Hospital, the infant weighed 7 pounds at birth.

Grandparents are Mr. and Mrs. A. L. Goode of Rochester, Texas and Mrs. Everett James of Dalhart.

## Mrs. Downing Is Elected

Mrs. Allen Downing was elected president of Pleasantview Home Demonstration Club at a business meeting held in the Morris Henderson home last Wednesday.

Mrs. Downing will be installed in January. Other officers elected were Mrs. Dick Lee, vice president; Mrs. Ed Cranmer, secretary; Mrs. Albert Myer, treasurer; and Mrs. John Jennings, parliamentarian.

A stork shower honoring Mrs. Bill Head was included in the program. Members made plans for the September 27 meeting.

Eleven members were present. Guests were Mrs. Fannie Read and Mrs. Meade Humphries.

## MissRhodes In Harding A Capella

Judy Rhodes, Canyon, is a member of the Harding College A Cappella chorus for 1967-68, according to Dr. Kenneth Davis, chorus director.

Sixty-five members make up the group, which sings on tours across different parts of the United States each year. Last year the chorus toured southeastern states, including Florida, Alabama, Mississippi and Arkansas.

Miss Rhodes is the daughter of Mr. and Mrs. Jess L. Rhodes, 2414 9th Avenue, Canyon. A music major and a senior, she has attended Lubbock Christian College and Abilene Christian College, where she also sang in chorus.

Miss Rhodes is a member of the 2nd soprano section of the chorus.

### Accident Summary

A total of eight accidents were investigated in Randall County by the Department of Public Safety during the month of August.

The accidents resulted in seven persons injured and an estimated property damage of $4,635.

For the first eight months of 1967 the DPS investigated 92 accidents, resulting in two persons killed, 48 persons injured, and an estimated property damage of $60,508.

### News Brief

SEAMAN RECRUIT WILLIAM R. GUILL, USNA, 18, son of Mr. and Mrs. Russell D. Guill of 2100 Fifth Ave., Canyon, Tex., has completed his two weeks of annual active duty for training at the Naval Training Center, Great Lakes, Ill., and has returned to his local Naval Reserve unit.

SLIPPERY BUFF Eugene Morris (22) shifts gears to elude two Montana State tacklers in the 35-26 West Texas State win here Saturday night. Bearing down on Morris are linebackers Dennis Muhlbeier (86) and Jon McElroy (42), as Buff flanker Charles Henderson (42 in dark) races up to throw a block. On ground is A. Z. Drones (78) of the Buffs. Morris rushed for 78 yards, picked up 80 on two pass receptions, one of them a 57-yard scoring strike from WT quarterback Roy Winters.

## Buffs Take On Tough Utah State Saturday

BY JON LOW

The West Texas State University Buffaloes move deeper into their rugged 1967 schedule when they host the Utah State Aggies in Buffalo Bowl Saturday at 7:30 p.m.

Hoping to pick up where they left off last year when they won their last four straight, the Ags' hopes were derailed last week when they were held to a 3-3 tie in their season opener by Wichita State.

Utah State, under new Head Coach Chuck Mills, pushed the Shockers all over the field except across the goal line, managing only a field goal on a 34-yard boot by Jim Murphy.

Utah State suffered a 4-6 season last year and brought in Mills from the American Football League champion Kansas City Chiefs to revive them.

Defense is a matter of great pride with the Utags. Led by tackle Bill "The Spoiler" Staley, a 6-3, 240-pounder, Utah State placed sixth and eleventh in national rushing defense in the past two years. Saturday they held Wichita to minus two yards rushing and only 65 yards total offense. The Shockers managed but five first downs, with only two of them legitimate. Three were awarded as the result of penalties.

Teaming with Staley on the defensive line is Phil Olsen, the little (6-4, 240) brother of the Los Angeles Rams' massive Merlin Olsen; Joe Forzani (6-2, 230), and Don Holtry (6-2, 235). "From looking at their films, I'd say they all look at least 20 pounds heavier than reported," claims West Texas sports publicist Tom Drew. "They look about one and a half times bigger than their opponents." Ten men on the Aggie defensive unit are starters from last year.

The Aggies moved to within one yard of a score on two drives, but could not push into the Wichita end zone. The rushing, which picked up 150 yards, was spearheaded by Mac Arthur "Truck" Lane, who bolted for 125 steps. Passer John Pappas completed eight of 17 for 78 yards, combining his efforts with the four of six for 34 yards by teammate Jim Harrop for totals of 12 of 23 for 112 yards. The Ags' total offense of 262 far overshadowed the 65 posted by the Shockers, a later WTSU foe, and left no doubt that Utah State is an opponent of the toughest caliber for West Texas.

West Texas will go with primarily the same team that came from behind to shoot down Montana State 35-26 last week. The Buffs showed a considerable number of mistakes, but those are not unusual in the first game of the season.

Junior quarterback Roy Winters experienced some difficulty in pinpointing his receivers, but moved the team very well and pulled off some masterfully deceptive fakes in his play execution. Fullback Duane Thomas smashed the Bobcats for 102 yards and three touchdowns, and Eugene Morris and Dave Szymakowski showed they have lost none of their sensational form of last year when they led WTSU to a 7-3 record.

Defensively, the Buff front four and the linebackers provided thrills for West Texas fans against MSU. Playing rugged football were guards Dave Whitmire (24 tackles) and Louie Spinks (15 stops), tackles Frank Goodish (19) and Jimmy Campbell(9), and linebackers Jesse Powell (16) and Billie Francis (19).

Powell also intercepted a pass and almost got another on a throw he managed to deflect. The third linebacker, Byron Jones, was in on nine tackles but several of them were clutch stops at key points in the game.

Safeties Steve Haterius and Rick Barrett provide top-notch pass coverage for the Buffs. Haterius picked off a stray Montana aerial and Barrett got his hands on two to break them up.

Both West Texas and Utah State will gear their drills this week primarily toward working out kinks in their offense.

The clash should be a tremendous battle between Duane Thomas and the awesome Aggie rushing defense. However Speedy halfbacks Eugene Morris and Curley Watters are itching for a chance to show the visitors a thing or two, and Winters' passing game is capable of breaking the game open at any moment with receivers like Dave Szymakowski, Charles Henderson, and Dan Andrews, as well as Morris and Thomas. WTSU's offensive line will hardly be dwarfed by the Utags with beefy Buffs on hand like A. Z. Drones (6-4, 255), Eddie Golecki (5-10, 240), Dag Azam (6-2, 235) and Larry Brazon (6-4, 255).

When an unstoppable force meets an immovable object, what happens?

INSPECTING LIBRARY selections at Umbarger School are Mary Raef and Kenneth Gerber, eighth grade students, as Sister Mary Bertille, principal, watches. The school has an enrollment of 73 for the current school term.

# Umbarger School Has 73 Students

Umbarger School has an enrollment of 73 for the current school semester, according to Sister Mary Bertille, principal.

The school includes first through eighth grade classes and employs three additional teachers including Sister Mary Regina, who teaches first and second grade; Mrs. Joyce Thuesen, who teaches third and fourthgrades; and Mrs. Elmer Clement of Canyon, who instructs fifth and sixth grades. Sister Mary Bertille teaches the seventh and eighth grade classes.

Founded in 1929 by two lay teachers, the school was later operated by Catholic sisters, Mary Ignatius and Mary Philomena, who came in 1931. The original school building is still in use as a part of the current school.

In 1955, the school was enlarged to facilitate a high school section. The high school was closed in 1964 and students from the school now go to Hereford, Vega and Canyon for high school requirements, according to Sister Mary Bertille.

The school has a physical education program and also sponsors a spring volleyball tournament. Included in extra-curricular activities are a junior and senior civics club and a library club for students.

The school is represented each year by top students at the Tri-State Science Fair and the Randall County Spelling Bee.

In addition to classrooms, the school has a science laboratory, a library, office space, teacher's lounge and lunchroom. Sister Mary Bertille explained that the school participates in the milk program and students provide their own sack lunch.

This year the school has 12 first grade students; 7 second grade students; 8 third grade students; 9 fourth grade students; 12 fifth grade students; 6 sixth grade students; 10 seventh grade students; and 9 eighth grade students.

## Police School Slated Monday

The second in a series of law enforcement academy courses will begin at West Texas State University Monday.

The free school, which is open to all local law enforcement officers, will deal with traffic laws. Instructors will be from the Texas Department of Public Safety in Austin.

Classes will be held daily from 3 p.m. until 5 p.m. for two weeks in the WTSU Fine Arts Building.

Points to be covered in the school on traffic will include accident investigation, point control, and drivers license, right-of-way, speed, and driving while intoxicated laws.

The first school, which was attended by 35 officers, concerned various laws.

## Canyon High Atomic Energy Lecture Set

Atomic energy and its uses will be domonstrated at Canyon High School Sept. 26.

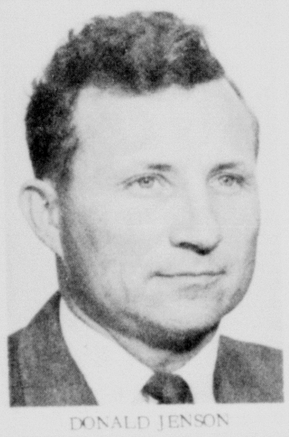

"This Atomic World," a demonstration lecture designed by the Atomic Energy Commission, will acquaint Canyon students with basic principles of nuclear energy, its sources and role in industry, agriculture and medicine.

The 40-minute assembly program conducted by Donald Jensen is sponsored by Texas A&M and Oak Ridge Associated Universities.

Using student terms, Jensen will describe structure of atoms, radiation, reactors and fusion. Special equipment will show radiation sources, how nuclear energy is harnessed for electrical power, diagnosis and treatment of diseases and life process studies using radioisotopes.

In a blackboard talk to Canyon High science classes after the assembly, Jensen will discuss in more detail atomic structure, radioactivity, radiation biology and nuclear science careers.

Jensen is a Youngstown University graduate, holds a masters degree from A&M and trained at the Oak Ridge, Tenn., Institute for Nuclear Studies.

She will replace Mrs. Hud Prichard, who resigned.

CANYON'S LON CONNER has the jump on Levelland's speedy Merced Puente as he turns the corner for a sizeable gain in the Eagles' thrilling 19-18 triumph in Buffalo Bowl Friday night. Canyon never trailed in the action-packed contest that was in doubt until the final moments.

# CHS Eagles Nip Lobos 19 To 18 In Squeaker

BY JON LOW

A determined team effort by the Canyon Eagles paid off in victory as the Eagles shaded the Levelland Lobos 19-18 in a see-saw Buffalo Bowl battle Friday night.

An extra point kick by Canyon's Bob Wood provided the winning margin. Wood's kick did not seem particularly vital when it gave the Eagles a 13-6 lead halfway through the third quarter, but in the end it was all-important as both teams scored three touchdowns.

Linebacker Jim McBroom pulled the game out for Canyon with 7:50 to play in the fourth quarter when he darted in front of a Lobo pass into the right flat and breezed 75 yards with his interception for a score after Levelland had drawn to within 13-12 early in the fourth period and was again on the move at the Eagle 25. Larry Robinson's block wiped out the only Levelland pursuit.

The Lobos came roaring back to give the game a furious finish. Behind the powerful running of fullback Floyd Burnett, Levelland drove 88 yards in 16 plays with Burnett going the final three yards for a touchdown that left the visitors down only 19-18 with 1:14 to play. Burnett carried 11 times for 51 yards on that drive.

Coach Bobby Hayworth ordered his fine junior quarterback Mike Stagner to pass for two points on the conversion attempt, which would have won the game--and almost did. Stagner shot a pass into the end zone for end Alan Geistman, who was all alone, but as Geistman leaped high for the ball, it bounced off his fingertips and gave a hard-earned victory to the Eagles.

It had to be hard-earned, because the only statistic Canyon won was the score. The Lobos picked up 15 first downs on 189 yards rushing and 108 passing for a total offense of 297. Burnett led in the ground-gaining department with 104 yards, 65 yards ahead of his nearest challenger, who was teammate Stagner with 39. Stagner found the mark on eight of 14 passes for 108 steps, and hit his first five straight.

Canyon ran for 90 yards and took to the air for 82, for a fairly balanced total of 172. Fullback Phil Swatzell led Eagle rushers with 36 yards. Junior passer Lon Conner made his debut by connecting on three of eight aerials for 82 yards.

Canyon halfback Bob Wood got the Eagles off to a 6-0 lead on a one-yard plunge with 5:43 left in the initial quarter, after an 11-yard scoring run by Swatzell was nullified because of a backfield in motion penalty. The pass for extra points fell incomplete. Conner directed the scoring march, which came the first time Canyon had the ball, in 16 plays covering 49 yards.

Levelland tied it up in the second quarter, the only period in which Canyon did not score, on a four-yard stomp by Burnett that capped a 65-yard journey of 12 plays. A wild center snap that sailed far over the would-be kicker's head ruined the conversion attempt.

McBroom halted a serious Lobo threat with 21 seconds left in the first half when he threw Stagner for a nine yard loss on a fourth-and-one situation at the Eagle nine yard line. The Pack's James Spurgeon had grabbed a Conner pass that had bounced off the hands of an Eagle receiver at the Canyon 36, and returned it to the Eagle 18. Two incompletions and a nine-yard zip by tailback Merced Puente set the stage for McBroom's heroics.

Swatzell put the home team back ahead on a 10-yard touchdown dash around left end behind a wall of blocking. The score came the first time the Eagles had possession of the ball in the second half, on a 59-yard trek of 12 plays. A roughing the kicker penalty rubbed out a fourth-and-four to go 43-yard punt by Conner from the Eagle 47 and gave Canyon new life with a first down at the Levelland 39.

The visitors returned the touchdown on Stagner's sneak from about three inches out. The tally put the lid on a nine-play, 34-yard movement that made the most of a Lobo recovery of Conner's fumble at his 34-yard line.

Conner proved a capable leader in his first game at the helm of the Eagle attack, directing the team smartly. On defense, he teamed with Wood in the secondary as both made outstanding defensive plays on several occasions.

## Sheriff At FBI Meeting

Randall County Sheriff L. S. (Slim) Johnston recently attended a Federal Bureau of Investigation Law Enforcement Conference at Amarillo's Coronoda Inn.

The conference, attended by about 100 law enforcement officers from throughout the Panhandle area, was primarily to discuss the newly-formed FBI National Crime Information Center in Washington, D.C.

Local authorities, Johnston said, transmit information concerning stolen cars and felons to the FBI computers, via the Department of Public Safety in Austin.

When information is needed here concerning a felon or stolen vehicles, data will be available from the FBI within five minutes, Johnston explained.

The sheriff said the primary responsibility of local authorities would be to supply current information to the FBI for the computers.

## Roy Price At Meeting

Roy Price, assistant Veterans County Service officer for Randall County attended the 20th Annual Statewide Rehabilitation Conference in Austin last week.

The Conference, which was conducted by several veterans organizations, concluded Wednesday.

Conducted annually, the Conference is an in-service course of training for all national, state, county, post and chapter
